

Playing in Tournaments...

Expand your Bridge horizons!

Have you ever wondered what it's like to play in a bridge tournament?

Did you know that it is often easier to get gold or silver points playing as a beginner in the "0-20 points" level at Regional and Sectional tournaments than it is for more advanced players?

Bridge tournaments are not just for experts and experienced players.

Most regional tournaments have events geared toward every level, including beginners!

Why not test your skill at a Florida Regional Tournament and find out how much fun bridge can be?

To find a list of current year Florida Regional Tournaments visit our District 9 Website at:

www.District9acbl.org

Some tournaments may be close to your home, and you are able to commute, while others require you to drive a distance. For those tournaments, you may want to stay at the host hotel at a discounted room rate and enjoy the after-bridge events offered by the Unit or have a nice dinner with your partner or teammates in the evening!

On behalf of the District 9 Board of Governors, we look forward to seeing you at the table very soon!

Warmly,
Dr. Athena Gordon
District 9 Secretary
